

Messrs. Pangborn & Brinsmaid
of the Variety Shop received by the Steam
Packet Burlington, Capt. R. W. Sherman,
last evening, two Cases containing the
Goods ordered to supply the wants of some
of these customers, who called for such
articles & found that all were sold Read on
& will you know what the cases contain
If you could only see the little White-bone
Cane, with such neat Ivory Heads, carved
into such a variety of devices, some re-
sembling Monk-Heads, some Birds claw's
holding Balls, some Dog's heads some with
Whistles, and some with Ladies—
"O! Not will never mention it," and the
Philosophers or Magicians Cane, with
rings upon them which as you turn the
Cane one way keeps going up yet never
gets at the top, and turn them the other
way and they keep going down yet never
gets to the bottom, they are really curious.
Then our two 2-doz Bone Bags and purses
neatly lined with kid, afford a rare oppor-
tunity of selecting from many pretty pat-
terns, those wishing good Bone Bags will
do well to call soon. How the pretty Wax
and other Dolls received per Capt. Sher-
man's Boat will please the rose cheeked
children, the long beed purses, how nice
they are when Papa fills them with good
Bank Bills and let us go shopping. Such
nice pointed Tooth Brushes, they are just
the thing which never hurt the Gums.—
And what a good toned Accordion, such
nice Pencils, Keys, Spectacles for weak
and sore eyes: O what neat silk gaudy
Chains some fairly hand-made have had a
finger in making them. The red cases are
so good to put spectacles in. Why, how
large these boxes of Waxing are for 12¢
etc. and how fine a polish! Well here are
some German Pipes, for those who like to
Puff, Puff, Puff, and here is some real gen-
uine Bears Oil, how the Whiskers will grow
this Fall. There is some Bullet Buttons for
the Troopers. Various kinds of snuff
Boxes, some very pretty ones; if the nose
was made to keep dust in, wonder it wasn't
put the other end up. Diamond Cement
which will stick things together tight, small
and large Telescopes to see things plain
which are out of sight; Instruction Book-
for Flutes and Pipes; and now just look at
these fine Stocks, the black satin ones with
bows how neatly made and then the quality
of the Satin, "and you even," but just take
a peep into this box, "oh what beautiful,
beautiful, White Figured Satin Stocks,
they almost tempt me to get married for
the sake of wearing one of them," they do
really. Now do forget, Ladies, Gen-
tlemen, Children all, that these nice articles
and many more were sent to us expressly
for you, by Capt. Sherman last evening,
and that we expect another Case or two
soon from Capt. Lyon, which will be offer-
ed at the Variety Shop; where they are
selling that best of medicine, warranted,
made by Jas. Morrison at London. Now you
will call at our house the next time you
are in Town, won't you? Our Music Boxes
play sweetly, and then our Organ which is
only \$125, is so fine. Do come. Won't
you?

DENTIST.
J. LEWIS, performs every operation on
the TEETH, GUMS and MOUTH, on the
most modern and approved principles of
DENTAL SURGERY.
ARTIFICIAL TEETH can be supplied
from one to an entire set, to correspond
with the living teeth. They are IN-
CORRUPTIBLE, they never change their
color, nor do they abrade the surface of
the teeth, inasmuch as they do not cause
an unpleasant taste or fetid breath.
The much dreaded and painful opera-
tion of extracting teeth and bumps of
teeth, J. L. having supplied himself with
instruments of all kinds, sizes and shapes
suitable for the occasion, the surgical treat-
ment of the TEETH will be of less pain to
the patient than ever done heretofore in
the U. S. Irregularities of the teeth in
children prevented, in adults remedied, &c.
&c. From a perfect knowledge of mechan-
ical, chemical and professional operations he
feels warranted in offering his services to
the public, references can be had as to his
practice, judgement and skill, by calling at
his room, north east corner of the square,
43 door in Church St. Burlington, Vt.

Hickok's Patent Rotary Oven
COOK STOVE
THE subscriber has just received and
offers for sale, a few stoves, of which
the above is a representation. To all
the advantages of the improved Rotary top,
is added a Rotary Oven on an entirely new
plan, which, from the testimony of those
who have used them, far supercedes any
thing of the kind, yet offered to the public.
Those wishing to purchase cook stoves are
respectfully requested to examine these
before making their selection, as ocular
demonstration will better convince the
public of the value of the article than any
description that could be given. Another
recommendation, these hard times is, that
these stoves will be sold as low as the com-
mon Rotaries of the same size.

POTANICAL DROPS.
One of the most efficacious compounds in
the Materia Medica, for the cure of that
class of inveterate diseases produced by an
impure state of the blood, and a vitiated habit
of the body, and usually exhibiting themselves
in the forms of Scrofula, Salt Rheum, Leprosy,
St. Anthony's Fire, Erysipelas, (even when
the bones are affected,) White Swellings, (if
applied with Dr. Jebb's Liniment,) foul and
obstinate Ulcers, Scurvy Leg and Eyes, Scaldhead
in children, Scrofulic and Scrofulous Gout, Pim-
pled or Carbuncled Faces, Festering Eruptions,
and Venereal Taints throughout the body, in
which last case the Drops often cure when
Mercury fails. They are also the best Spring
and Autumnal Physic to purify and cleanse
the system from humors which frequently ap-
pear at these seasons of the year. They also
aid the process of digestion, and by purifying
the blood, prevent the secretion of malignant
humors on the lungs. The Proprietor confidently
relies upon the vast number of suc-
cessful cures effected by these Drops, not only
in Boston and its vicinity, but throughout the
union, for the best proof of their excellence as
an unfailing *Alleviate Medicine*, in all the
cases above specified.

This article has recently been pronounced
by a physician of the first respectability, who
had witnessed its surprising efficacy, as en-

the popular articles known for the above com-
plaints, and indeed it is fast gaining this point
in public estimation, throughout the country.

THE excruciating pain, the despicable

age, which are the usual attendants of this
disorder, are suffered by many from a despo-

even in cases of long standing, and of the
most severe character, have received certain
relief, and many have been cured in a few
days, some in 24 hours! as a number of per-
sons in Boston and vicinity, who were former-
ly afflicted with the Rheumatism, have very
fully testified. Certificates are in the pos-
session of the Proprietor, proving the most thor-
ough and surprising cures by means of this
powerful Liniment, in cases where other ap-
proved applications had utterly failed. The
Liniment is also used with success for bruises,
sprains, numbness, stiffness of the joints, chil-
blains, &c. Price 50 cents a bottle.

these complaints they have ever met with,

of long standing. Price 25 cents a bottle. K3

TRUMAN AELL, M. D.
Coscon N. H. Jan. 20, 1837.—I am satis-
fied that the Vegetable Pulmonary Balsam is
a valuable medicine. It has been used in
this place with complete success in an ob-
stinate complaint of the lungs, attended with
a severe cough, loss of voice, and the raising
of much blood which had previously resisted
any approved prescriptions. After using
the Balsam one week the patient's voice re-
turned and he was able to speak audibly.—
This case occurred some time since, and the
man is now engaged not only in active, but in
laborious business. Respectfully yours, &c.
SAMUEL MORRIS, M. D.

Boston, Feb. 24, 1837.—To the Public:
I, Daniel T. Brayman, of Richmond, R. I.,
feel it a duty to acquaint the public, that I
have received the most unexpected relief in a
severe complaint of the lungs, from the use
of the Vegetable Pulmonary Balsam. For
three years previous to my trial of the Bal-
sam, I had a very severe and violent
cough, frequent raising of blood, attended
with great prostration of strength. For a
principal part of the above time, I was under
the care of a skilful physician in Boston, who
employed, besides many internal medicines,
blistering, searons &c. without any improve-
ment in my case. Two months since I com-
menced with the Balsam, and have now taken
two bottles. I am now able to labor most
of the time, have ceased to raise blood, and
am almost entirely relieved of my cough.

DANIEL T. BRAYMAN.
Boston, March 3, 1837.—It is now more
than six years since I was afflicted very low
by an affection of the lungs, and my com-
plaint was declared incurable by a council of
three physicians. I was then restored to as
good health as I had enjoyed for many years,
by using the Vegetable Pulmonary Balsam.
In a great many cases of lung complaints, and
so far as I can learn, its use has invariably
been followed by much benefit, and in many
instances it has effected cures which were
wholly unexpected.

COUNTERFEITS!! Beware of Imi-
tation. Each genuine bottle is enclosed in a
blue wrapper, on which is a yellow tablet,
signed **SAMPSON REED.** "None others
can be genuine. The great celebrity of the
Genuine Vegetable Pulmonary Balsam has
been the cause of attempts to introduce spu-
rious articles, which by partially assuming
the name of the genuine, are calculated to
mislead and deceive the public. Among these
mixtures are the "American Pulmonary Bal-
sam," "Vegetable Pulmonary Balsamic Sy-
rup," "Pulmonary Balsam," and others.
Purchasers should inquire for the true article
by its whole name, **THE VEGETABLE**
PULMONARY BAL-SAM, and see that it has
the marks and signature of genuine. Each
bottle and seal is stamped Vegetable Pulmo-
nary Balsam.

LATEST CHEAT!!
"Beware of a spurious imitation called
Compound Pulmonary Balsam, which the
agents say is done up in good style." I simi-
lar to *Sampson's F. P. Balsam*—again we say
Beware of counterfeits.
